If you do not pay by Direct Debit or card it can take up to 5 days for your payment to be received.

## Answering your questions.

### Why is my bill higher than the monthly charge I signed up for?

If this is your first bill it is made up of 2 charges:

- The first charge covers your costs for the first 4-9 days of joining so you can start using Three straightaway.
- The second is the first full monthly charge plus any Add-ons or subscriptions.

For all other bills:

This could be because you've subscribed to a new service or if you've gone over your monthly allowance. For more details go to

[Three.co.uk/pricguide](http://Three.co.uk/pricguide)

### About your allowance's unit costs.

Your plan includes a set of allowances, made up of a number of 'units'. A unit entitles you to either one minute of calls, one text or one megabyte of data. Your Units may be used as agreed in your Contract with us. To help you understand the value you're getting from your plan, below you'll see a breakdown of the exact cost of the units included within your allowances this month.

This bill period, your unit costs are: 0.134p per minute, 0.013p per text and 0.050p per megabyte.

These aren't charges for going over your allowance, these units are included in your plan. They also don't include any one-off reductions, discounts or any Add-On's allowance that you may have purchased.

If any of your allowances are unlimited, for the purposes of this section we treat them as being either 3000 minutes, 5000 texts or 25GB of data, so that we can determine a unit cost. To see unit costs for short-term Add-on allowances, visit

[Three.co.uk/addonunitcost](http://Three.co.uk/addonunitcost), or see our Price Guide at [Three.co.uk/pricguide](http://Three.co.uk/pricguide).
